## Bike Safety Bonanza

IPC, School Liaison Office and Directorate of Emergency Services (DES), US Army Garrison - Hawaii have partnered together to promote Bicycle Safety.

Every child brought their helmets and bicycles to this event and learned about the "Rules of the Road" when riding their bikes, rode through the cool "Bike Rodeo Course", and joined DES Bike Patrol in a "Ride Along" to apply the lessons learned. After they completed all the station a final "pop" quiz was given and they then received a Certification of Completion and won prizes. One more way IPC partners with agencies to keep its neighborhoods and Families safe.

## Live & Learn 101 Festival 2014

Hundreds of IPC Families attended the annual Live & Learn 101 Festival. This year there was something for everyone in the Family. Story Time, face painting, balloon animals, and Mc Gruff the Crime dog for the younger kids, the Diploma Dash obstacle course and bike rodeo for the older kids and Fitness demonstrations for the Moms and Dads! 30 different partners attended as well to educate Families about their support programs and activities. "It's great to see the Families together enjoying the event. Great job IPC" said Deputy Chief Williams of the Directorate of emergency Services.

## Parent to Parent Storytime

IPC partners with the Military Child Education Coalition-Parent to Parent program to bring toddlers and parents together. Every month moms and tots gather to listen to an interactive reader and then they work together on arts and craft projects that relate to the story. IPC implemented this program after the FMWR Library closed its doors last year. More and more moms and tots are joining the group every month, creating playgroups and supportive mommy-toddler relationships outside of Storytime. One more way IPC brings the community together.
